Oklahoma has joined a number of other states in the attached motion to intervene in this case in support of EPA. On Friday the Court granted intervention by these states as well as industry groups (order also attached).

States did not file their own brief opposing the 90 day stay but stated in the motion that they agree with API's arguments (motion at 3).

Page 2 & Note 2 of this brief refer to "State Movant Intervenor-Respondents."

Note 2 lists those States, and the list includes Oklahoma.

Has Oklahoma in fact moved to intervene in this action? Has their motion been granted?
